

**VALUE PLASTICS<sup>®</sup>, INC.**  
SPECIALISTS IN FLUID CONNECTIONS<sup>™</sup>

## FOR IMMEDIATE RELEASE

Contact: Riley Phipps, (866) 582-0965, [designcenter@valueplastics.com](mailto:designcenter@valueplastics.com)

### Introducing: Value Plastics Design Center

For those times when the right fluid connection solution just doesn't seem to exist, Value Plastics has established a resource charged with developing solutions to unique challenges. Value Plastics announces a new dedicated team of fluid connection specialists, the Value Plastics Design Center, to collaborate with your design team to solve your most difficult fluid management challenges.

The Value Plastics Design Center provides you with:

- Free and timely design assistance with technical support before and after the sale
- A dedicated technical staff with years of experience solving real world fluid connection challenges
- In-house testing facilities to validate and qualify design alternatives
- In-house state-of-the-art mold fabrication assuring on time, on spec delivery

Contact the Value Plastics Design Center today to keep your projects moving on time and on budget, whether it's a totally new concept or a refinement of one of our 3,100 products. (866) 582-0965 or [designcenter@valueplastics.com](mailto:designcenter@valueplastics.com)

Value Plastics makes and markets an innovative line of fluid management components designed specifically for flexible tubing. Value Plastics products find global application in demanding healthcare OEM, research and light industrial applications, and all are produced in its Northern Colorado facility.
